Eye-catching design development with
a high recognition value

SUBYOU[®] SUBME

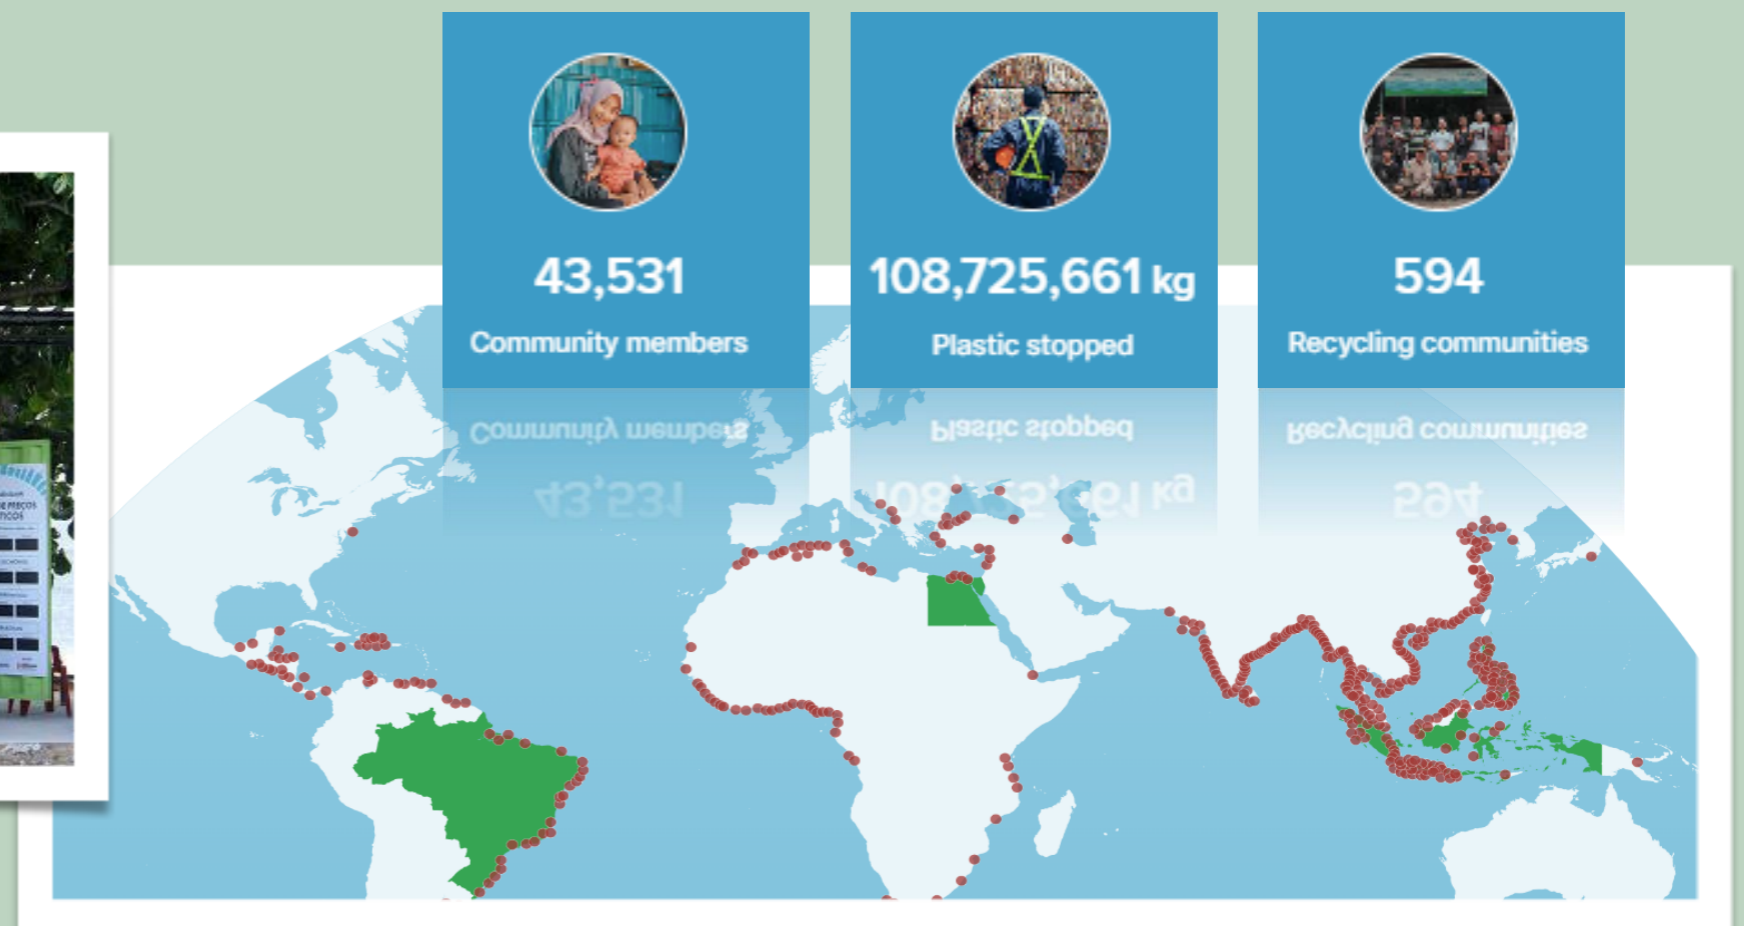

- Contents: 300ml squeeze bottle with sealed lid
- Mono cartons with 6 units in FSC-certified paper
- 440 Cartons per pallet
- EU-Production
- Cooperation with the NGO *Plasticbank* for a World free of Plastic waste

Our cooperation partner “Plasticbank” is fighting for a world free of plastic waste.

- Plasticbank operates in developing countries around the world where plastic pollution is a major problem.
- It takes a unique approach to tackling plastic pollution by creating a system where individuals can exchange collected plastic waste for various goods and services.
- This creates incentives for collecting plastic waste and helps prevent it from ending up in the oceans and other ecosystems. The collected plastic is then recycled and used to make new products.

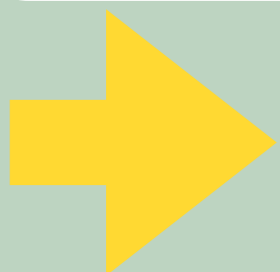

Delivery of Samples:

April 2024
